

Meet the Alliance's Technical Support Team:

Hello, my name is Faith Nzioka, Nutrition Cluster Coordinator in the GNC Technical Alliance's Technical Support Team (TST). My main role is to support countries in either establishing nutrition response coordination mechanisms during the early days of a new emergency or in strengthening underperforming coordination mechanisms. My recent work has involved supporting Lebanon, Sudan, and Myanmar Country Nutrition Sectors.

You can read more [here](#) about how I and other GNC deployments were involved in nutrition coordination and information management in supporting the establishment of a dedicated nutrition sector in Lebanon.

Previously I worked as a Nutrition Cluster Information Management Officer with the GNC Rapid Response team with successful deployments to strengthen nutrition information systems in Nigeria, Somalia, Bangladesh-Cox's Bazar, Democratic Republic of Congo, and Myanmar.

Prior to joining GNC Rapid Response Team in August 2016, I worked with various organizations in different capacities in Kenya, South Sudan, and Nigeria.
